Description

Drums Alive® combines the benefits of a traditional physical fitness program with the brain affected benefits of music and rhythm. Drums Alive® is a program that fosters a healthy balance physically, mentally, emotionally and socially!

Drums Alive DRUMTASTIC® is an evidence-based program that applies fitness, drumming, music, and educational concepts designed to improve the health of children and pre-teens by disseminating evidence-based physical education, after school, early childhood, coordinated school health and music education programs to teachers, recreation leaders and coaches serving pre-kindergarten through middle school students.

Kit for 1 trainer. Individual participant collections are sold separately.

Includes:

- 2 27" scarves
- 1 pair of medium Boomwhackers
- 1 Jumbo Egg Shaker
- 3 65cm stability balls
- 3 Drums Alive bucket bases
- 2 pairs of drumsticks

264395 Airhead Inflator Pump sold separately

Setup tip-the recommended Drums Alive instructor/teacher/trainer setup will need 3 stability balls and 3 bucket bases because they mirror side-to-side movements on their "drum set". One trainer will have 1 pair of medium Boomwhackers, 1 Jumbo Egg Shaker, 3 65cm stability balls, 3 Drums Alive bucket bases, 2 pairs of drumsticks, and 2 scarves that will need to be attached to a pair of drumsticks or used for other movements.

Please note: due to manufacturing and supply issues, products in this collection may vary by color, texture, logo, and brand. Fully inflated stability balls may have varying amounts of stretchiness. For best results, use the circumference of the ball to gauge if fully inflated. 55 cm stability balls should have a circumference up to 69" and 65 cm stability balls should have a circumference up to 81". Also, components may vary from photo shown.
