Adjustable Thumb

Plugs for
C# and D#

Description

The Nuvo Recorder+ introduces innovation to the recorder.

The patented silicone key flaps make it easier for children to completely cover the tone holes, decreasing the likelihood of squeaks. The Recorder+ is designed with larger tone holes, which gives the instrument a more mellow tone.

This instrument is fully chromatic with the same fingering as a standard Baroque recorder. This recorder+ is washable in hot soapy water. Do not put in the dishwasher. Includes molded case, fingering chart and two hole plugs for lower keys.

Please note, the three silicone rings at the bell of this Recorder+ and the hole plugs on the bottom two key flaps are removable. These parts may be a choking hazard for young children.
