Description

Roots and Branches is an invaluable resource, with 38 traditional songs (melody and lyrics) and singing games for children from 23 different cultures of the world. All are songs remembered, played, and sung by contributors from each culture. This collection includes an overview of each culture, mini-biography, and a photograph of each singer, background notes on each song, words with pronunciation and translations, and maps of each featured country. The enclosed CD is helpful for pronunciation and stylistic elements. An excellent addition to any elementary music program!
