7 Switched-On Songs

By Don Muro

7 songs for beginning soprano recorder students, featuring a mix of contemporary musical styles with sounds from the "switched-on" days of electronic music. Each melody adds a new note, for a total of 5 notes. The pieces use simple rhythms - quarter, half, and whole notes. Students will love the "retro" synthesizer sounds on the performance/ accompaniment CD.

CD features accompaniment only on tracks 1-7, demonstration recordings (recorder with accompaniment) on tracks 8-14, and excerpts from other Don Muro recorder music on tracks 15-27.

Includes 1 score and CD.

Songs:

- Long Shorts
- ABs
- Flying [Beyond All Gravity]
- Day Is Done
- Night Winds
- Crazy Cats
