Libro Acompañante Musical de Simplemente Mariachi Violin By Francisco A Grijalva Mariachi Ensemble  
Libro Acompañante Musical can be used as a stand-alone publication, but it also serves as the companion book to the method series ¡Simplemente Mariachi! Libro Acompañante Musical is available in a full score edition as well as four individual part books for each instrument in the mariachi ensemble - violin, trumpet, guitar/vihuela and guitarrón. This book provides simple arrangements that will allow the beginning-level ensemble to sound like professional mariachis as they develop their musical skills along the way. Most songs contain Spanish lyrics and a pronunciation guide is included in the appendix.
