

# Sound Innovations for Concert Band: Ensemble Development for Young Concert Band, Baritone Saxophone

\$6.99

## Product Images

## Description

"Sound Innovations: Ensemble Development for Young Concert Band" is a collection of 167 exercises, including more than 100 chorales, that supplements any classroom method for .5 – 1.5 level bands. This valuable resource will aid band students in improving their abilities to become a well-rounded ensemble player. Exercises are grouped by key and present a wide range of difficulties to challenge beginner-level players. Exercises and chorales in this book address long tones, pitch matching, five-note scales, rhythmic subdivision, and more.
