Description

The ABCs of My Feelings and Music by Scott and Stephanie Edgar is for children, teachers, parents, social workers, counselors, music therapists, and anyone who works with children and understands the power of art and music. This beautiful book explores the link between art, music, and emotion.

This book offers an emotion word in a piece of colorful artwork for each letter of the alphabet. Each letter includes three classical music suggestions to listen to while observing the art. The provided questions and links to playlists help students unpack feelings and jumpstart meaningful discussions about how art and music help us express emotion.

The ABCs of My Feelings and Music is built on the principals of Social Emotional Learning (SEL). It is ideal for creating a fuller emotional vocabulary, sparking meaningful discussions about emotions, and thinking deeply about how music and art make us feel.
