Description

From the creators of the ever-popular Recorder Karate recorder method, we present this ukulele method from Barb Philipak with dozens of songs arranged by Paul Jennings and recorded with the professional tracks you have come to expect from Plank Road Publishing.

The nine belt levels include two strumming songs per level, which increase in difficulty as you head toward the black belt. There are also several supplementary holiday tunes and optional picking tunes starting in the middle levels. Also included at each level are warm-ups and exercises appropriate to the new learning elements.

The Teacher's book is full of ideas to guarantee a successful ukulele unit and is a classroom-tested method of working with this extremely motivational system of rewards and reinforcement.

Student pages with songs and diagrams are legally reproducible. We also carry time-saving, budget-friendly student books in bundles of five and ten.

Songs include:

- Shortnin' Bread
- Lil Liza Jane
- Apples And Bananas
- Michael Finnegan
- Chumbara
- On Top Of Old Smoky
- Shenandoah
- Molly Malone
- Deck The Halls
- I Have A Little Dreidel
- and many more!
