Description

Remo's Pre-Tuned Bongos are pitched to emulate the sounds of the traditional tack head bongo drums from Cuba in the early 1900's. Their lightweight construction makes them the ideal schools, health and wellness programs, and outdoor drumming activities. These are designed to be hand-held and will not fit on a standard bongo stand.

Features:

- 6" & 7" Pre-Tuned Fiberskyn Heads
- 5" height Acousticon Shell
- Gloss Black Finish

Benefits:

- Synthetic Fiberskyn heads will not fluctuate in pitch with changes in temperature or humidity
- Acousticon shells are lightweight and durable making them very portable
