## Description

The Remo Versa DP-VS13-AA Combo Pack, featuring a Djembe, Timbau, Tubano, are lightweight, nestable and compact. The VERSA Drums are the latest in a long line of Remo innovations which feature Remo's "TAPER-FIT DRUM COUPLING" drum heads. This technology is engineered to create an easy, self-sealing fit with the VERSA pre-tuned drumheads giving the VERSA Drums rich bass tones and an overall high quality of sound. The VERSA Drum is offered in three large body shaped drums: the Djembe, Timbau and Tubano, all with the same bearing edge diameter and each with a corresponding drumhead. Easily remove the drumhead and play it like a frame drum or switch the heads and transform sound of the drum. (Additional drumheads are available.)
