**\$29.95**

MSRP **\$59.90**

## Product Images

## Description

---

Introduce students to the traditions of Chile with this large diameter 30" Cactus Rainstick, made to sound like the soothing tones of water and rain. Traditional-style rainstick, made from the Copado cactus and decorated with a woven fabric band (colors and styles will vary). The traditional rainsticks originated in northern Chile where they are used in ceremonies to bring rain.

Made from the skeleton of dead Copado cactus. The thorns are pounded into the hollow shafts of the cactus into a spiral pattern. Pebbles cascading over the thorns create the wonderful sound of rain.

Due to the natural materials used, this instrument is somewhat fragile in nature and will need to be handled with care. The size listed is approximate.

### Specifications:

- Size: 30" long (approximate) 3"-5" Diameter
- Colors of yarn will vary
- Made in Chile

**Please note: This musical instrument is not a toy. It is intended for use with adult supervision and is not for children under 3 years of age.**

Basic Beat Guarantee: West Music and Percussion Source are proud to back Basic Beat products with a 1-year satisfaction guarantee. If you are not fully satisfied with your Basic Beat purchase within the first year, we will be happy to exchange it for a replacement item or credit your account.
