Description

The Remo ET-0216-71-SD009 Nightwaves Ocean Drum recreates the soothing sounds of both rolling and crashing waves. This unique ocean drum features a cushioned dampener that helps reduce volume and create a softer, more gentle sound compared to the standard ocean drums. An incredibly versatile instrument, the Nightwaves Ocean Drum features an Acousticon Shell and Skyndeeep heads that can easily be cleaned. Ideal for Recreational, educational and professional sound effect applications. Available in sizes: 16"
